

2018 BCWWA STUDENT DESIGN COMPETITION OPPORTUNITY

Please contact Janette Blahova at sponsorship@bcwwa.org

The BCWWA annual Student Design Competition (SDC) brings together student teams to develop and present a conceptual design based on a challenge identified by a community in BC. The competition gives students an experience similar to that of a consultant as they tackle real-life industry issues. Your sponsorship will help provide mentorship and professional development experience to approximately 40 post-secondary students. Sponsorship also supports the volunteers involved as well as students during the competition, including sending the winning team to compete in the SDC at the Water Environment Federation's Annual Technical Exhibition and Conference (WEFTC).
